

REMEMBERING SREBRENICA

**Srebrenica is a story that need to be told,
Cruel , inhumane actions wrecked so many lives
Remembering Srebrenica is a reminder
Everyone needs to know of the genocide
Bodies remain unfound
Rights cruelly stripped away
Evil thoughts and evil actions tore the country apart
No one to speak for them – no UN , No Rights, No Justice
I want peace, I want harmony, I want justice, I need you
Crucial lessons to be learnt to stop the horrors and nightmares reoccurring
Always remember the victims that lost their future.**
